Can I use ChatGPT to pick gifts?

+ Ask anything

ChatGPT can make mistakes. Check important info.

- **Typical prompt:** What's a good gift for my 10-year-old great-grandson?

Bad prompt

Example Prompt:

"Please suggest Christmas gift ideas for a 10-year-old boy who loves building sets, funny adventure books, soccer, and anything to do with space. He does not like puzzles, arts-and-crafts kits, or anything too noisy. I'd like gifts that are fun, age-appropriate, and not too expensive."
